Request for Certificate of Correction Under 37 CFR 1.323

Applicants have discovered typographical errors in the issued claims of the above-identified patent. Specifically, Claims 1 and 8 omit language originally present in the claims. Claim 1 was amended in the response filed on 01-03-05 to include "a wafer storage chamber *having a specific height*". However the text of claim 1 was incorrectly copied, resulting in the omission of the italicized text in subsequent correspondence with the PTO. The language to be inserted in claim 8 was mistakenly omitted by the PTO, whereas Claim 13 has a minor grammatical error. All of these errors occurred in good faith and without deceptive intent. Applicants have set forth the corrections to be made in the attached Form PTO/SB/44. The Patent Office is authorized to charge the Fee for this request from Deposit Account 50-1991.

Respectfully submitted,
